SKILLS

- **Languages**: Python, C++, C, Java,
- **Frameworks**: HTML and CSS, JavaScript, Scikit-learn
- **Tools/Frameworks:** Figma, VS Code, Git, GitHub
- **Soft Skills**: Problem-Solving, Adaptability, Time Management

PROJECTS

Efficient Page Replacement Algorithm Simulator | Github — Apr' 25 – May' 25

- Developed a GUI-based simulator implementing FIFO, LRU, and Optimal page replacement algorithms to model OS memory management.
- Implemented step-by-step visualization of page frames with real-time hit/miss detection and page fault analysis.
- Enabled comparative performance evaluation using metrics such as total page faults and hit ratio, strengthening algorithmic understanding.

Tech Stack: Python | Tkinter | Operating Systems | Algorithms

Energy-Efficient Genetic Algorithm for TSP in Delivery Drones| Github — Mar' 25 - Apr' 25

- Designed and implemented an energy-efficient Genetic Algorithm to solve the Traveling Salesman Problem (TSP) for drone route optimization.
- Developed an energy-aware fitness function incorporating distance, battery usage, and payload constraints
- Optimized selection, crossover, and mutation strategies to improve route efficiency and reduce energy consumption.

Tech Stack: Python | Genetic Algorithms | Optimization | Graph Theory

Educational Web Portal | Github — Sep' 23 - Nov' 23

- Developed a responsive educational web portal using HTML, CSS, and JavaScript with a clean and intuitive interface.
- Implemented interactive navigation and dynamic content rendering to enhance user engagement.
- Applied UI/UX and accessibility principles to ensure mobile compatibility and cross-browser support

Tech Stack: HTML | CSS | JavaScript | Responsive Web Design

TRAINING

CSE PATHSHALA – Phone book Management | C language — Jun' 25 - Jul' 25

- Completed hands-on training in C programming, covering data structures, file handling, pointers, and modular programming.
- Built a Phone Book Management System using C with features like adding, searching, editing, and deleting contact records.
- Implemented file handling to ensure data storage, retrieval, and persistent contact management

CERTIFICATES

- The Complete C Programming Certification Course | CSE PATHSALA | **Link** — Jun 2025
- Completed Java Programming certification course | NeoColab. | **Link** — Apr 2025
- The Bits and Bytes of Computer Networking | Coursera | **Link** — Mar 2024
- Responsive web design | FreecodeCamp | **Link** — Sep 2023

EXTRACURRICULAR ACTIVITIES

- Served as a Committee Member for the One India cultural event at LPU — Mar 2025
- Volunteered with an NGO to distribute clothes and educational materials to underprivileged — Jun 2024
- Participated in the Binary Bitlz Hackathon, working on collaborative problem-solving. — Feb 2023

EDUCATION

- **Lovely Professional University** — Phagwara, Punjab
  Bachelor of Technology - Computer Science and Engineering; ***CGPA: 6.20*** — August 2023 - Present
- **Narayana Junior College** — Vijayawada, Andhra Pradesh
  Intermediate; **Percentage: 93** — August 2022 - April 2023
- **Good Shepherd E.M School** — Nandyal, Andhra Pradesh
  Matriculation; **Percentage: 97** — July 2019 - March 2021
